# The Wild Side Walkway

The GTCD's grand opening of the Boardman River Nature Center was held in August, 2008. As part of the final steps of the campaign to bring the Center to life, we invited the community to make a walk to the wildside! Now, you can support the Nature Center and its programs. You'll also become part of the inspirational walkway to the Nature Center. The retail value of the paver is \$17. The remaining \$83 is a tax deductible contribution. Nurture your connection to nature..and **MAKE A WALK TO THE WILD SIDE!**
